Conferences

It's hard to believe that we already have 6-7 weeks of preschool behind us. It has been wonderful to see how amazingly special God made your children. We are having fun getting to know your child and their unique personality and gifts.

We have many plans to focus on individual goals for each of your children. We plan to assess their skills this month and would like to share their progress with you. Your child's teacher will contact you and set up an appointment. Until then, we would hope that you would take some time prior to the conference to make a note of any questions, concerns, joys, or stories you would like to share regarding your child. We are looking forward to this opportunity to fine tune the teamwork between you (the parents) and us (the teachers) to best meet the needs of your child.

Our Bible Story: The Battle of Jericho

Hooray! It Feels Like Fall!!

Our last tall stick letter is the letter "Hh". Counting and sorting hippos, eating healthy food, reading the books Little Red Hen, Heli the Helicopter and No Hitting Hamster are some of the "Hh" activities we will enjoy. We also will create beautiful pumpkins by mixing yellow and red paint.

This story will help your child realize that nothing is impossible with God! Blocks and building will be a big part of our activities as we pretend to build the walls around Jericho. Have your child sing the jazzy song, "Joshua Fought the Battle of Jericho" for you!

Scripture for the Month:

Genesis 28:15

"I am with you and will watch over you wherever you go."

Next Week:

Something shaped like a
rectangle

or

Starts with the letter Hh

Kora

10/9

Looking Ahead
